**MASSACHUSETTS DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION**  
**COORDINATED PROGRAM REVIEW REPORT**

**Lexington Public Schools**

**SCOPE OF COORDINATED PROGRAM REVIEWS**

As one part of its accountability system, the Department of Elementary and Secondary Education oversees local compliance with education requirements through the Coordinated Program Review (CPR). All reviews cover selected requirements in the following areas:

**Special Education (SE)**

- selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004), the federal regulations promulgated under that Act at 34 CFR Part 300, M.G.L. c. 71B (Chapter 766 of the Acts of 1972), and the Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective July 1, 2005. Federal requirements selected for the 2007-2008 reviews include, among others, the requirements specified by the federal Office for Special Education Programs (OSEP) and the requirements revised by IDEA-2004 and described in the Department's Special Education Advisories.

**Civil Rights Methods of Administration and Other General Education Requirements (CR)**

- selected federal civil rights requirements under Title VI of the Civil Rights Act of 1964, the Equal Educational Opportunities Act of 1974, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5 (Chapter 622 of the Acts of 1971) and other Massachusetts General Laws.
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).
- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).

**English Learner Education (ELE) in Public Schools**

- selected requirements from M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students, and 603 CMR 14.00, as well as the No Child Left Behind Act of 2001 and Title VI of the Civil Rights Act of 1964. During the 2007-2008 school year, all districts that enroll limited English proficient students will be reviewed using a combination of updated standards and a self-assessment instrument overseen by the Department's Office of Language Acquisition and Academic Achievement (OLAAA), including a request for information regarding ELE programs and staff qualifications.

Some reviews also cover selected requirements in:

**Career/Vocational Technical Education (CVTE)**

- career/vocational technical education programs under the federal Carl D. Perkins Vocational and Technical Education Act of 1998 and M.G.L. c. 74.

Districts providing Title I services participate in Title I program monitoring during the same year they are scheduled for a Coordinated Program Review. Details regarding the Title I program monitoring process are available at: <http://www.doe.mass.edu/titlei/monitoring>.

## COORDINATED PROGRAM REVIEW ELEMENTS

**Team:** Depending upon the size of a school district and the number of programs to be reviewed, a team of two to eight Department staff members, together with any necessary outside consultants, conducts a Coordinated Program Review over two to ten days in a school district or charter school.

**Timing:** Each school district and charter school in the Commonwealth is scheduled to receive a Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about seventy-five school districts and charter schools are scheduled for Coordinated Program Reviews in 2007-2008. The Department's 2007-2008 schedule of Coordinated Program Reviews is posted on the Department's web site at <<<http://www.doe.mass.edu/pqa/review/cpr/schedule.html>>>. The statewide six-year Program Review cycle, including the Department's Mid-cycle follow-up monitoring schedule, is posted at <<<http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html>>>.

**Criteria:** The Program Review criteria for each program encompass the requirements that have been selected for review. The requirements selected for review in all of the regulated programs are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993 to promote student achievement and high standards for all students.

**Methods:** Methods used in reviewing programs include:

- Review of documentation about the operation of the charter school or district's programs.
- Interviews of administrative, instructional, and support staff across all grade levels.
- Interviews of parent advisory council (PAC) representatives and other interviews as requested by other parents or members of the general public.
- Review of student records for special education (and for student accommodation plans under Section 504), English learner education, and career/vocational technical education. The Department selects a representative sample of student records for the onsite team to review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of students with disabilities and parents of English learners. Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services, and procedural requirements; parents of English learners whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.
- Observation of classrooms and other facilities. The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

*Note on collaborative programs and services.* Where the district is a member of a collaborative approved by the Department of Elementary and Secondary Education and is a site for programs or services operated by the collaborative, interviews, student record review, and observation of classrooms are conducted for the collaborative.

**Report: Preparation:**

At the end of the onsite visit, the onsite team will hold an informal exit meeting to summarize its preliminary findings for the Superintendent or Charter School Leader and anyone else he or she chooses. Within approximately 45 business days of the onsite visit, the Onsite Chairperson will forward to the Superintendent or Charter School Leader (and Collaborative Director where applicable) a Draft Report containing specific findings from the Program Review. The district (and collaborative) will then have 10 business days to review the report for factual accuracy before the publication of a Final Report. The Final Report will be issued within approximately 60 business days of the conclusion of the onsite visit and posted on the Department's website at <<http://www.doe.mass.edu/pqa/review/cpr/reports/>>.

**Content:**

*Ratings.* The onsite team gives a rating for each compliance criterion it reviews; those ratings are "Commendable," "Implemented" (meaning at least substantially implemented), "Implementation in Progress," "Partially Implemented," "Not Implemented" (meaning at least substantially not implemented), and "Not Applicable." "Implementation in Progress," used for criteria containing new legal requirements, means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

*Findings.* The onsite team includes a finding for each criterion that it rates "Commendable," "Partially Implemented," or "Not Implemented," explaining the basis for the rating. It may also include findings for other criteria.

**Response:** Where criteria are found "Partially Implemented" or "Not Implemented", the district or charter school must propose corrective action to bring those areas into compliance with the relevant statutes and regulations. This corrective action plan will be due to the Department within 30 business days after the issuance of the Final Report and is subject to the Department's review and approval.

As the school or district is implementing the approved corrective action, Department staff will provide ongoing technical assistance. To assist in the implementation of corrective action related to the area of special education, schools and districts may apply for limited special education technical assistance funds. **School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department's Final Program Review Report.**

The Department believes that the Coordinated Program Review is a positive experience and that the Final Report is helpful in planning for the continued improvement of programs and services in each school district, charter school, and educational collaborative.

## **REPORT INTRODUCTION**

A five-member Massachusetts Department of Elementary and Secondary Education team visited Lexington Public Schools during the week of April 7, 2008 to evaluate the implementation of selected criteria in the program areas of special education, civil rights and other related general education requirements, and English learner education. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district.

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of the following Department program review methods:

- Interviews of twelve administrative staff.
- Interviews of fifty teaching and support services staff across all levels.
- Interviews of one parent advisory council (PAC) representatives.
- Interviews as requested by persons from the general public.
- Student record reviews: the Department selected a sample of thirty special education and twenty English language education student records. Student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department of Elementary and Secondary Education student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements.
- Surveys of parents of students with disabilities: Sixty parents of students with disabilities were sent surveys that solicited information about their experiences with the district's implementation of special education programs, related services and procedural requirements. Forty-one of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Surveys of parents of ELE students: Twenty parents of ELE students were sent surveys that solicited information about their experiences with the district's implementation of English learner education programs, services, and procedural requirements. Eight of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Observation of classrooms and other facilities. A sample of twenty instructional classrooms and other school facilities used in the delivery of programs and services was visited to determine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components. These components are:

- Component I: Assessment of Students**
- Component II: Student Identification and Program Placement**
- Component III: Parent and Community Involvement**
- Component IV: Curriculum and Instruction**
- Component V: Student Support Services**
- Component VI: Faculty, Staff and Administration**
- Component VII: School Facilities**
- Component VIII: Program Evaluation**
- Component IX: Recordkeeping and Fund Use**

The findings in each program area explain the “ratings,” determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially “Implemented” or implemented in a “Commendable” manner. (Refer to the “Definition of Compliance Ratings” section of the report.) Where criteria were found to be either “Partially Implemented” or “Not Implemented,” the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. In some instances the team may have rated a requirement as “Implemented” or “Implementation in Progress” but made a specific comment on the district’s implementation methods that also requires response from the district or charter school.

Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plans.

## DEFINITION OF COMPLIANCE RATINGS

<b>Commendable</b>	Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.
<b>Implemented</b>	The requirement is substantially met in all important aspects.
<b>Implementation in Progress</b>	The requirement includes one or more new federal special education requirements that became effective with the federal regulations on October 13, 2006. The district or charter school has implemented any previous requirements included in the criterion and is currently engaged in staff training and/or is beginning implementation practices for new requirements which the Department's onsite team anticipates will result in substantial compliance by the end of the 2007-2008 school year.
<b>Partially Implemented</b>	The requirement, in one or several important aspects, is not entirely met.
<b>Not Implemented</b>	The requirement is totally or substantially not met.
<b>Not Applicable</b>	The requirement does not apply to the school district or charter school.

*The student record review demonstrated that the district does not always determine whether the student is eligible for special education services within the 45-day timeline. Specifically, records revealed that the psychological assessments are not completed within 30 days, and in some instances, this resulted in missing the 45-day requirement.*

*The student record review and staff interviews demonstrated that school personnel do not provide instructional supports or consider the 504 process for students at the high school level. The district has policies and procedures in place; however, when a high school level student does not need special education services, the appropriate services are not always available to the student through the general education program. Additionally staff interviews and documentation demonstrated that at the elementary and high school levels teachers are not receiving training on the contents of the District Curriculum Accommodation Plan (DCAP).*
