Ms. Moore also shared that she supports the Safe Routes to School (SRTS) program, and approves signage at the school. Ms. Moore then shared a description of a traffic situation which occurred this afternoon at the Bridge Elementary School that included parent road rage and rage directed towards staff at the school. This situation also created a risk for emergency vehicles and busses. Ms. Moore then shared the PTA's identified issues of concern.

Margaret Coppe responded that at the meeting on February 26, 2013 the Committee voted to put signs on our property on the entrance to Bridge School. The Board of Selectmen voted a week ago to place more no parking signs on Middleby Road.

Mary Ellen Dunn, Assistant Superintendent for Business and Finance, shared that at the last School Committee meeting, the Committee agreed to meet with a consultant on Friday who works with the Department of Public Works and Safe Routes to School (SRTS) to scope out the work; both short and long term plans. Bridge Elementary School will be the first school to have reviews done regarding parking and traffic plans.

Bonnie Brodner questioned whether Bridge Elementary School is the only one having an acute situation and she wanted to know if the principals were involved.

Ms. Dunn shared that she is coordinating with principals as active participants whatever the solutions that will enable the community to arrive and depart safely on our property.
